PROFILE

Mechanical Engineering undergraduate at Bangladesh University of Engineering and Technology (BUET) with expertise in advancing physical systems through digital modeling, simulation, and intelligent control. Strong foundation in finite element analysis (FEA) and multiphysics simulation for analyzing and validating mechanical behaviors. Specialized in robotics and automation. Advanced parametric CAD capabilities focused on engineering highly optimized, complex geometries for advanced applications.

EDUCATION

B.Sc. in Mechanical Engineering

Bangladesh University of Engineering & Technology (BUET)

Nov 2023 – Jul 2028 (Expected)

Level-3, Term-2 • CGPA 3.70 / 4.00

HSC — Science

2022

Sylhet Cadet College

GPA 5.00 / 5.00

Talentpool Scholarship Awardee

SSC — Science

2020

Sylhet Cadet College

GPA 5.00 / 5.00

Talentpool Scholarship Awardee

PROJECT

"Beyond Horizon" — Automated Alt-Azimuth Telescope System

Designed and built a refractor with a motorised mount pointing and real-time celestial tracking.

AREAS OF INTEREST

– **Multiphysics Simulation** — FEA, structural analysis, thermal and fluid coupling

– **CAD & Mechanical Design** — parametric modelling, tolerance analysis, gear systems

– **Robotics & Automation** — embedded control, motion planning, sensor integration

– **Control Systems** — closed-loop control, system dynamics, real-time feedback

ACHIEVEMENTS

National Round Winner — Bangladesh Physics Olympiad (BdPhO)

National Round, 2022

Award of Merit — International Blockchain Olympiad (IBCOL)

Amsterdam, Netherlands, 2023
